Construction work & Electricity connection	21
	25

One Way Service

Notifications of connection installment cost & Information of Chosen Technical Inspection Body

Notifikasi Biaya Penyambungan Angsur & Informasi LIT/TR yang akan Dipilih

The screenshot displays two side-by-side forms for service registration. The left form shows a warning message: "Pembayaran Biaya Penyambungan secara Angsuran akan diperhitungkan bersamaan dengan tagihan rekening listrik bulanan sesuai dengan lama angsaran." The right form shows a dropdown menu for "Kebudayaan LIT/TR" with options "KONEVUL", "KONEVUL", "PPLH", and "PT. JASPER (INDO)". A red circle highlights the "Geo Tagging" checkbox, with an arrow pointing to the text "Klik untuk menitik lokasi".

Project Goals

Technical Inspection
Body – Low Voltage

By One Way Service,
Target EODB – WB

Getting electricity from
ratings 49 become 25

Customer

The price of protection
tools is affordable and
the distribution is evenly
distributed

Equipment Provider
Handling counterfeit
products seriously

Regulator

As per the rule that the
age of the installation o
15 years, should be re-
examined

TERIMA KASIH

THANK YOU

MERCI
