FISUEL Vision

**Affordable, safe & sustainable
access to electricity
for all
everywhere**

Residential & Non-Residential

Raise the Electrical challenges

- Demand for access to electricity, are increasing
- Existing Electrical Installations, are getting older
- Devices with serious risks, proliferate
- The energy transition is a WW subject

- Electricity, an increasingly important role
- Extension on installations are more and more numerous
 - Renewable Energy
 - Energy storage
 - Electric mobility

Main objectives

- Promote “**Electrical Safety**”, for all, all over the world
- Become the WW reference for electrical safety
 - To allow for an assessment of the level of electrical safety for each country (WESB)
- Share Best practices
 - Encourage compliance with standards
 - Influence to create or improve regulations
 - Promote conformity validation systems
 - Fight against devices with risks

The 3 main orientations

1. Ensure compliance of Electrical Installations

- For domestic and non-domestic
- Promote the 6 electrical safety points in existing
- Prepare impacts of new technologies

2. Answer to expectations of members in **new areas of electricity**

- Photovoltaics, electric vehicle charging installations, storage, ...

3. Reinforce Fisuel Worldwide Image

- World Electrical Safety Barometer et Statistics
- Websites in Fr and Eng

Actions plan 2025 - 2028

- Expand worldwide representation (affiliate member)
- Boost regional development (RVP & WGs)
- Develop inspections for Residential
- Compare IPPV validation systems
- Enrich the WESB site with 100 country sheets
- Structure the global statistics observatory
- Develop the Fisuel approach for the non-residential sector
- Enrich the 3 websites
